Company Background

Founded in 2004, Towngas Telecom is a wholly owned subsidiary of The Hong Kong and China Gas Company Limited (Towngas). Adopting the company's pragmatic approach to quality services, Towngas Telecom is a carrier-neutral telecommunication service provider with a number of world-class data centers and network infrastructures operating in Hong Kong and China. Riding on the advantage of the colossal gas pipe network and synergizing it with the advanced Glass-In-Gas (GIG) European technology, Towngas Telecom has also been able to provide fibre links and dedicated bandwidth services to reputable corporations, international network service providers and professional clients.
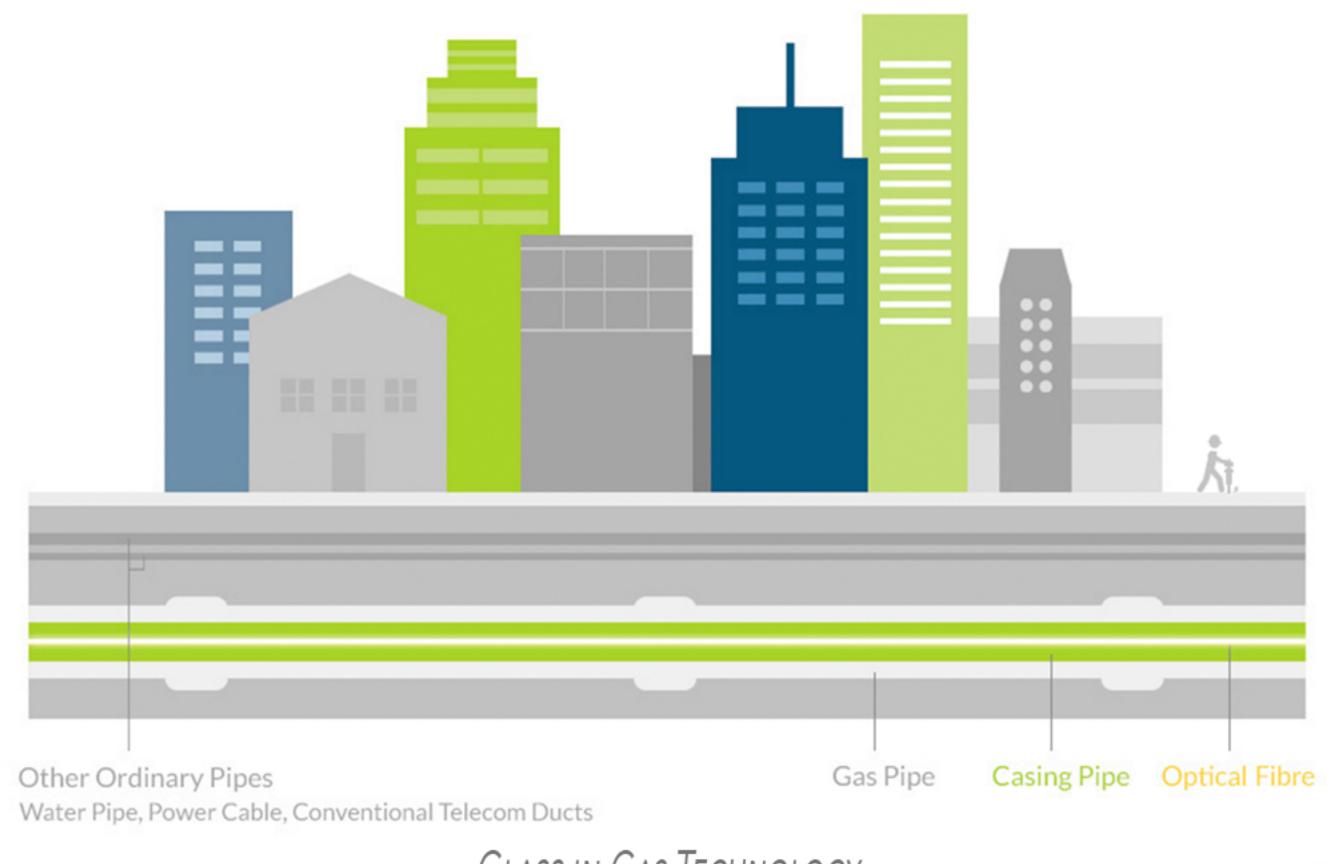

公司背景

名氣通電訊有限公司(名氣通)為香港中華煤氣有限公司(煤氣公司)的全資附屬機構,於2004年正式成立,主要業務包括網絡構建、數據中心與智能家居及雲計算服務。秉承煤氣公司的優良服務文化,名氣通作為中立電訊供應商,在香港及內地均擁有多個世界級數據中心及網路基建服務,並利用煤氣管道光纖技術於香港鋪設光纖網路,為各大企業、國際網路服務商及專業客戶提供更廣泛的服務。
